STATUS INQUIRY REGARDING CERTIFICATE OF CORRECTION UNDER RULE 322

Sir:

Patentee filed a request for Certificate of Correction Under Rule 322 on April 26, 2005; a copy of that request is attached hereto. To date, no Certificate of Correction has been received by Patentee's attorney.

An inspection of the image file wrapper for this case shows the request on April 26, 2005. In addition, a "Miscellaneous Internal Document" (dated May 25, 2005; a copy

of which is attached) is also contained in the image file wrapper; this document appears to be an internal inquiry regarding the request filed. Finally, inspection of the image file wrapper shows an entry for "Certificate of Correction" (dated June 10, 2005; a copy of which is attached); however, the certificate is for U.S. Patent No. 6,853,350 and not for the present case.

Accordingly, Patentee respectfully requests issuance of the Certificate of Correction originally requested on April 26, 2005. As can be determined upon quick review, the corrections requested comprise correction of two Patent Office errors, i.e., the misspelling of a publication name and the omission of a paragraph from the examples.

Patentee does not believe that any fee is due with this inquiry; however, any such fee may be charged to Deposit Account 06-1205.

Patentee's undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our address given below.

Respectfully submitted,

Neo-aspartic acid (5 mmol) was dissolved in 2,2-dimethoxypropane (10 ml) and 1,4-dioxane (10 ml). p-Toluenesulfonic acid (0.5 mmol) was added to the reaction mixture and refluxed for 48 hours.
